|---|---|---|---|---|---|---|---|---|
| ① Nut A | 4 pcs | ② Insulation Pillar A | 4 pcs | ③ Screw Bolt | 4 pcs | ④ Mounting Bracket(Intel) | 2 pcs | ⑤ De-Vibration Buckle | 4 pcs |
| ⑥ Retention Plate | 1 pc | ⑦ Back Plate | 1 pc | ⑧ Mounting Bracket(AMD) | 2 pcs | ⑨ Nut B (For LGA775 only) | 4 pcs | ⑩ Insulating Washer (For LGA775 only) | 1 pc |
| ⑪ Double-screw Bolt | 4 pcs | ⑫ Low-noise Adapter(7V) | 1 pc | ⑬ Y-shape Adapter | 1 pc | ⑭ Wire Clip | 8 pcs | ⑮ Thermal Grease | 1 pc |
| ⑯ Metal Logo Sticker | 1 pc | ⑰ 120mm Fan | 1 pc | ⑱ 140mm Fan | 1 pc | ⑲ Heatsink Set | 1 pc | | |

## Note for 2 Adapters:

● Low-noise Adapter(7V)

**Low-noise Adapter(7V)**
Connect the small 4-pin male connector to the fans; Connect the big 4-pin connector to PSU; Input Voltage will be fixed at 7V and fan will run at corresponding speed with low noise.
**Y-shape Adapter**
Connect 2 PWM fans to B&C connector and A to the motherboard. Both fans are PWM controlled but only Fan B's speed signal can be detected.
● Y-shape Adapter

## INTEL
### LGA1366
### LGA1156
### LGA1155
### LGA775
### Installation

⑩ Insulating Washer (For LGA775 only)
⑦ Back Plate
⑤ De-Vibration Buckle
③ Screw Bolt

LGA 775    LGA 1366/1156/1155

LGA 1366    LGA 775

LGA 1156/1155

**Back plate installation (Intel)**

Front
Back

LGA 1366    LGA 775

LGA 1156/1155

**Mounting Holes Illustration**

① Nut A
④ Mounting Bracket (Intel)
② Insulation Pillar A

⑭ Wire Clip
⑥ Retention Plate

**1.** Assemble corresponding parts to the back plate according to the illustration above.

**2.** Attach the mounting bracket(Intel) to the motherboard. (For LGA1366/1156/1155, use ① Nut A; for LGA775, use ⑨ Nut B)

**3.** Apply a thin layer of thermal grease onto the processor; secure the heatsink by attaching ⑥ retention plate to the mounting bracket, then assemble the fans with ⑭ wire clips and make sure the direction of airflow is accordant between two fans; in the end, connect fan cable to motherboard.

## AMD
### FM1
### AM3+
### AM3
### AM2+
### AM2
### Installation

Remove

⑦ Back Plate
⑤ De-Vibration Buckle
③ Screw Bolt

**Back plate installation (AMD)**

Front    Back

① Nut A
⑧ Mounting Bracket(AMD)
② Insulation Pillar A

⑭ Wire Clip
⑥ Retention Plate

**1.** Assemble corresponding parts to the back plate according to the illustration above.

**2.** Attach the mounting bracket(AMD) to the motherboard.

**3.** Apply a thin layer of thermal grease onto the processor; secure the heatsink by attaching ⑥ retention plate to the mounting bracket, then assemble the fans with ⑭ wire clips and make sure the direction of airflow is accordant between two fans; in the end, connect fan cable to motherboard.

## INTEL
### LGA2011
### Installation

① Nut A
④ Mounting Bracket (Intel)
⑪ Double-screw Bolt

⑭ Wire Clip
⑥ Retention Plate

**1.** Attach the mounting bracket(Intel) to the motherboard.

**2.** Apply a thin layer of thermal grease onto the processor.

**3.** Secure the heatsink by attaching ⑥ retention plate to the mounting bracket, then assemble the fans with ⑭ wire clips and make sure the direction of airflow is accordant between two fans; in the end, connect fan cable to motherboard.
